PAGE 2: Proposed Organ and Tissue Donation (Scotland) Bill Consultation

**Q1: The overarching purpose of my proposal is to move from the current opt-in system to a soft opt-out system of organ donation. Do you support this move? Please indicate “yes/no/undecided” and explain the reasons for your response.**

Yes,

Please give your reasons for your response:  
 My organs are of no use to me on my death, but they may be able to provide life for others

**Q2: How essential is it to change the law (from an opt-in to a soft opt-out system) in order to achieve the intended benefits (increased transplant rates, reduced waiting lists)? Are there other (non-legislative) measures that could achieve similar outcomes without the need for legislation?**

It is essential and legislation is needed to oblige people to opt out of organ donation

**Q3: I believe the role of the family should be limited to being consulted on whether they are aware of any (unregistered) objection by the deceased rather than asking for their consent. Do you agree? Please indicate “yes/no/undecided” and explain the reasons for your response.**

Undecided,

Please give reasons for your response:  
 Dangerous for lack of purpose. Which would take precedence?

**Q4: Do you think an individual should be able to appoint a proxy to the make the final decision regarding transplantation on their behalf? Please indicate “yes/no/undecided” and explain the reasons for your response.**

Yes,

Please give reasons for your response:  
 My wife and I both carry cards and gave made our family aware of our wishes that everything that can be used should be - eyes, skin, brain. Everything. I would happily appoint our daughter as proxy as she is aware of our views.

**Q5: My proposal is that only adults should be automatically opted-in to be a donor. Younger persons would have to register to be a donor, by themselves or with parental consent as they currently do. This approach is I believe the best way to safeguard children and young people. Do you agree? Please indicate “yes/no/undecided” and explain the reasons for your response.**

Yes,

Please give reasons for your response:  
 Reasonable resolution to any peer pressure.

**Q6: Do you agree the age limit for an adult should be set at 16 years old? Please indicate “yes/no/undecided” and explain the reasons for your response.**

Yes

## Proposed Organ and Tissue Donation (Scotland) Bill

**Q7: Do you agree the soft opt-out system should apply to people who have been resident in Scotland for a minimum period of 1 year prior to their death? Please indicate “yes/no/undecided” and explain the reasons for your response.**

Yes,

Please give reasons for your response:  
All benefit from our NHS and all should be opted in.

**Q8: If you answered no to the above how long, if any, should this period of residency last before they become subject to the soft opt-out system? Would this residency need to be for a continuous period?**

*Respondent skipped this question*

**Q9: Do you think 6 months is a long enough period to run a campaign prior to change over?**

Yes

**Q10: What is your assessment of the likely financial implications (if any) of the proposed Bill to you or your organisation? What (if any) other significant financial implications are likely to arise?**

May provoke rise in transplant operation costs, but balanced by savings in number if deaths and debilitating illnesses.

**Q11: Is the proposed Bill likely to have any substantial positive or negative implications for equality? If it is likely to have a substantial negative implication, how might this be minimised or avoided?**

No

**Q12: Do you have any other comments on or suggestions relevant to the proposal?**
