PAGE 2: Proposed Organ and Tissue Donation (Scotland) Bill Consultation

**Q1: The overarching purpose of my proposal is to move from the current opt-in system to a soft opt-out system of organ donation. Do you support this move? Please indicate “yes/no/undecided” and explain the reasons for your response.**

Yes,  
 Please give your reasons for your response:  
 I am extremely grateful recipient of a donor liver.

**Q2: How essential is it to change the law (from an opt-in to a soft opt-out system) in order to achieve the intended benefits (increased transplant rates, reduced waiting lists)? Are there other (non-legislative) measures that could achieve similar outcomes without the need for legislation?**

Very essential. Other measures have been tried and failed. Publicity is only non legislative option and this has helped but reached its audience . More needs to be done.

**Q3: I believe the role of the family should be limited to being consulted on whether they are aware of any (unregistered) objection by the deceased rather than asking for their consent. Do you agree? Please indicate “yes/no/undecided” and explain the reasons for your response.**

Yes,  
 Please give reasons for your response:  
 Highly emotional time for family. They are rightly concentrating on other matters important to them.

**Q4: Do you think an individual should be able to appoint a proxy to the make the final decision regarding transplantation on their behalf? Please indicate “yes/no/undecided” and explain the reasons for your response.**

Yes,  
 Please give reasons for your response:  
 Individuals views can be better ascertained.

**Q5: My proposal is that only adults should be automatically opted-in to be a donor. Younger persons would have to register to be a donor, by themselves or with parental consent as they currently do. This approach is I believe the best way to safeguard children and young people. Do you agree? Please indicate “yes/no/undecided” and explain the reasons for your response.**

Yes,  
 Please give reasons for your response:  
 They don't have capacity to opt out.

**Q6: Do you agree the age limit for an adult should be set at 16 years old? Please indicate “yes/no/undecided” and explain the reasons for your response.**

Yes,  
 If you answered no, what would you consider a more appropriate age?  
 Children know their minds by that age and can make other important decisions at that age.
