### PAGE 2: Proposed Organ and Tissue Donation (Scotland) Bill Consultation

**Q1: The overarching purpose of my proposal is to move from the current opt-in system to a soft opt-out system of organ donation. Do you support this move? Please indicate "yes/no/undecided" and explain the reasons for your response.**

Yes,

Please give your reasons for your response:  
As long as due care is taken and respect is given to the donor. The process of keeping a body alive until organs are removed can take away from the delicate 'dying moment' that should be shared with loved ones.

**Q2: How essential is it to change the law (from an opt-in to a soft opt-out system) in order to achieve the intended benefits (increased transplant rates, reduced waiting lists)? Are there other (non-legislative) measures that could achieve similar outcomes without the need for legislation?**

PR campaign and Facebook page telling stories of recipients and donors.

**Q3: I believe the role of the family should be limited to being consulted on whether they are aware of any (unregistered) objection by the deceased rather than asking for their consent. Do you agree? Please indicate "yes/no/undecided" and explain the reasons for your response.**

Yes,

Please give reasons for your response:  
Relatives are too emotional to make rational decisions when grieving.

**Q4: Do you think an individual should be able to appoint a proxy to make the final decision regarding transplantation on their behalf? Please indicate "yes/no/undecided" and explain the reasons for your response.**

Yes,

Please give reasons for your response: Good idea.

**Q5: My proposal is that only adults should be automatically opted-in to be a donor. Younger persons would have to register to be a donor, by themselves or with parental consent as they currently do. This approach is I believe the best way to safeguard children and young people. Do you agree? Please indicate "yes/no/undecided" and explain the reasons for your response.**

Yes,

Please give reasons for your response:  
This would be a good safeguard.

**Q6: Do you agree the age limit for an adult should be set at 16 years old? Please indicate "yes/no/undecided" and explain the reasons for your response.**

No,

If you answered no, what would you consider a more appropriate age?  
18 years old

## Proposed Organ and Tissue Donation (Scotland) Bill

**Q7: Do you agree the soft opt-out system should apply to people who have been resident in Scotland for a minimum period of 1 year prior to their death? Please indicate "yes/no/undecided" and explain the reasons for your response.**

Yes,

Please give reasons for your response:  
Commitment to society.

**Q8: If you answered no to the above how long, if any, should this period of residency last before they become subject to the soft opt-out system? Would this residency need to be for a continuous period?**

*Respondent skipped this question*

**Q9: Do you think 6 months is a long enough period to run a campaign prior to change over?**

A year of careful campaigning and PR stories might be better.

**Q10: What is your assessment of the likely financial implications (if any) of the proposed Bill to you or your organisation? What (if any) other significant financial implications are likely to arise?**

Nil

**Q11: Is the proposed Bill likely to have any substantial positive or negative implications for equality? If it is likely to have a substantial negative implication, how might this be minimised or avoided?**

No

**Q12: Do you have any other comments on or suggestions relevant to the proposal?**

The faster this is implemented the better but it needs to be done with delicacy. The dying process for the donor needs to be addressed. There should be some way for them to die with their loved ones.

### PAGE 3: Contact Details

**Q13: If you wish your response, or any part of it, to be treated as anonymous and/or confidential, please check the appropriate box. If not, then please go to question 14.**

Anonymous

**Q14: Thank you for completing this survey. Please provide your name and contact details below.**
