PAGE 2: Proposed Organ and Tissue Donation (Scotland) Bill Consultation

Q1: The overarching purpose of my proposal is to move from the current opt-in system to a soft opt-out system of organ donation. Do you support this move? Please indicate “yes/no/undecided” and explain the reasons for your response.

Yes,

Please give your reasons for your response:
 I believe that by starting from a view point where everyone is an organ donor this will help change people's attitudes towards organ donation. It is clear that people in Scotland support organ donation as shown by survey's the BMA and BHF Scotland have highlighted yet the Government has said only 39% of people are registered. This number is simply far too low. I read somewhere that 3 people a day die in need of an organ transplant that is an incredibly high number.

Q2: How essential is it to change the law (from an opt-in to a soft opt-out system) in order to achieve the intended benefits (increased transplant rates, reduced waiting lists)? Are there other (non-legislative) measures that could achieve similar outcomes without the need for legislation?

I think successive Government's have tried their hardest to encourage people to register and simply people are dying needlessly. I think it is very important that we make this change in the law and stop anymore unnecessary deaths.

Q3: I believe the role of the family should be limited to being consulted on whether they are aware of any (unregistered) objection by the deceased rather than asking for their consent. Do you agree? Please indicate “yes/no/undecided” and explain the reasons for your response.

Yes,

Please give reasons for your response:
 If someone is registered or - if Anne is successful - has not opted out then their families should not be able to over rule their wish.

Q4: Do you think an individual should be able to appoint a proxy to the make the final decision regarding transplantation on their behalf? Please indicate “yes/no/undecided” and explain the reasons for your response.

Yes,

Please give reasons for your response:
 If an individual has no family/does not speak to their family any more. Or thinks their family will not follow through with their wishes after death then they should be able to appoint someone else to make grant consent.

Q5: My proposal is that only adults should be automatically opted-in to be a donor. Younger persons would have to register to be a donor, by themselves or with parental consent as they currently do. This approach is I believe the best way to safeguard children and young people. Do you agree? Please indicate “yes/no/undecided” and explain the reasons for your response.

Yes

Proposed Organ and Tissue Donation (Scotland) Bill

Q6: Do you agree the age limit for an adult should be set at 16 years old? Please indicate “yes/no/undecided” and explain the reasons for your response.

Yes

Q7: Do you agree the soft opt-out system should apply to people who have been resident in Scotland for a minimum period of 1 year prior to their death? Please indicate “yes/no/undecided” and explain the reasons for your response.

Yes

Q8: If you answered no to the above how long, if any, should this period of residency last before they become subject to the soft opt-out system? Would this residency need to be for a continuous period?

Respondent skipped this question

Q9: Do you think 6 months is a long enough period to run a campaign prior to change over?

I think 1 year may be more appropriate

Q10: What is your assessment of the likely financial implications (if any) of the proposed Bill to you or your organisation? What (if any) other significant financial implications are likely to arise?

Respondent skipped this question

Q11: Is the proposed Bill likely to have any substantial positive or negative implications for equality? If it is likely to have a substantial negative implication, how might this be minimised or avoided?

Surely this Bill will have positive impacts on equality. It treats everyone the same

Q12: Do you have any other comments on or suggestions relevant to the proposal?

Respondent skipped this question

PAGE 3: Contact Details

Q13: If you wish your response, or any part of it, to be treated as anonymous and/or confidential, please check the appropriate box. If not, then please go to question 14.

Anonymous

Q14: Thank you for completing this survey. Please provide your name and contact details below.

Name	Anonymous
