Anne McTaggart MSP

Member of the Scottish Parliament for Glasgow Region

Proposed Organ and Tissue Donation (Scotland) Bill

Proposed Organ and Tissue Donation (Scotland) Bill Consultation

1. The overarching purpose of my proposal is to move from the current opt-in system to a soft opt-out system of organ donation. Do you support this move? Please indicate "yes/no/undecided" and explain the reasons for your response.

- Yes
 No
 Undecided

Please give your reasons for your response:

Increased availability of organs & tissue.

2. How essential is it to change the law (from an opt-in to a soft opt-out system) in order to achieve the intended benefits (increased transplant rates, reduced waiting lists)? Are there other (non-legislative) measures that could achieve similar outcomes without the need for legislation?

for same reason given above. Many people do not carry donor cards

3. I believe the role of the family should be limited to being consulted on whether they are aware of any (unregistered) objection by the deceased rather than asking for their consent. Do you agree? Please indicate "yes/no/undecided" and explain the reasons for your response.

- Yes
 No
 Undecided

Please give reasons for your response:

Donor may already have discussed it with family.

4. Do you think an individual should be able to appoint a proxy to make the final decision regarding transplantation on their behalf? Please indicate "yes/no/undecided" and explain the reasons for your response.

- Yes
 No
 Undecided

Please give reasons for your response:

Incapacity & or sudden ill-health/coma.

5. My proposal is that only adults should be automatically opted-in to be a donor. Younger persons would have to register to be a donor, by themselves or with parental consent as they currently do. This approach is I believe the best way to safeguard children and young people. Do you agree? Please indicate "yes/no/undecided" and explain the reasons for your response.

- Yes
 No
 Undecided

Please give reasons for your response:

Organs from young donors may ~~not~~ be better suited to younger recipients.

6. Do you agree the age limit for an adult should be set at 16 years old? Please indicate "yes/no/undecided" and explain the reasons for your response.

- Yes
 No
 Undecided

If you answered no, what would you consider a more appropriate age?

That's an age of majority, but reply as per question 5.

7. Do you agree the soft opt-out system should apply to people who have been resident in Scotland for a minimum period of 1 year prior to their death? Please indicate "yes/no/undecided" and explain the reasons for your response.

- Yes
 No
 Undecided

Please give reasons for your response:

They could be suitable holiday makers, with no objection to being donor.

8. If you answered no to the above how long, if any, should this period of residency last before they become subject to the soft opt-out system? Would this residency need to be for a continuous period?

see above answer.

9. Do you think 6 months is a long enough period to run a campaign prior to change over?

Yes. sooner the better

10. What is your assessment of the likely financial implications (if any) of the proposed Bill to you or your organisation? What (if any) other significant financial implications are likely to arise?

NONE, PRESUMING DONOR IS DEMD

11. Is the proposed Bill likely to have any substantial positive or negative implications for equality? If it is likely to have a substantial negative implication, how might this be minimised or avoided?

POSITIVE IMPLICATIONS. RACE SPECIFIC MALADIES

12. Do you have any other comments on or suggestions relevant to the proposal?
