## PAGE 2: Proposed Organ and Tissue Donation (Scotland) Bill Consultation

**Q1: The overarching purpose of my proposal is to move from the current opt-in system to a soft opt-out system of organ donation. Do you support this move? Please indicate "yes/no/undecided" and explain the reasons for your response.**

Yes,

Please give your reasons for your response:  
I think this will be much easier for families when decisions need to be made at a time of crisis.

**Q2: How essential is it to change the law (from an opt-in to a soft opt-out system) in order to achieve the intended benefits (increased transplant rates, reduced waiting lists)? Are there other (non-legislative) measures that could achieve similar outcomes without the need for legislation?**

I think it's imperative.

**Q3: I believe the role of the family should be limited to being consulted on whether they are aware of any (unregistered) objection by the deceased rather than asking for their consent. Do you agree? Please indicate "yes/no/undecided" and explain the reasons for your response.**

Undecided,

Please give reasons for your response:  
I think families are becoming more complex...it's a difficult question to answer...I'm answering with both my professional and personal hat on.

**Q4: Do you think an individual should be able to appoint a proxy to the make the final decision regarding transplantation on their behalf? Please indicate "yes/no/undecided" and explain the reasons for your response.**

Yes,

Please give reasons for your response:  
I think this gives piece of mind that you have delegated someone that you trust to make that decision.

**Q5: My proposal is that only adults should be automatically opted-in to be a donor. Younger persons would have to register to be a donor, by themselves or with parental consent as they currently do. This approach is I believe the best way to safeguard children and young people. Do you agree? Please indicate "yes/no/undecided" and explain the reasons for your response.**

Yes,

Please give reasons for your response:  
We must safeguard children.

**Q6: Do you agree the age limit for an adult should be set at 16 years old? Please indicate “yes/no/undecided” and explain the reasons for your response.**

Yes,

If you answered no, what would you consider a more appropriate age?  
I think at this current time, young people are well informed.

**Q7: Do you agree the soft opt-out system should apply to people who have been resident in Scotland for a minimum period of 1 year prior to their death? Please indicate “yes/no/undecided” and explain the reasons for your response.**

Undecided,

Please give reasons for your response:  
This is difficult to answer as I have not honestly given it any thought.

**Q8: If you answered no to the above how long, if any, should this period of residency last before they become subject to the soft opt-out system? Would this residency need to be for a continuous period?**

*Respondent skipped this question*

**Q9: Do you think 6 months is a long enough period to run a campaign prior to change over?**

I think possibly a year is mre realistic.

**Q10: What is your assessment of the likely financial implications (if any) of the proposed Bill to you or your organisation? What (if any) other significant financial implications are likely to arise?**

None that I can think of.

**Q11: Is the proposed Bill likely to have any substantial positive or negative implications for equality? If it is likely to have a substantial negative implication, how might this be minimised or avoided?**

INclude all stakeholders.

**Q12: Do you have any other comments on or suggestions relevant to the proposal?**

*Respondent skipped this question*
