Anne McTaggart MSP

Member of the Scottish Parliament for Glasgow Region

Proposed Organ and Tissue Donation (Scotland) Bill

Proposed Organ and Tissue Donation (Scotland) Bill Consultation

1. The overarching purpose of my proposal is to move from the current opt-in system to a soft opt-out system of organ donation. Do you support this move? Please indicate "yes/no/undecided" and explain the reasons for your response.

- Yes
- No
- Undecided

Please give your reasons for your response:

*It will ↑ organ donation rates.
Many people are unaware of organ donation abilities? how to opt in so would help those who wish to donate do so.*

2. How essential is it to change the law (from an opt-in to a soft opt-out system) in order to achieve the intended benefits (increased transplant rates, reduced waiting lists)? Are there other (non-legislative) measures that could achieve similar outcomes without the need for legislation?

*Nothing of similar impact.
Raising awareness schemes/education would help*

3. I believe the role of the family should be limited to being consulted on whether they are aware of any (unregistered) objection by the deceased rather than asking for their consent. Do you agree? Please indicate "yes/no/undecided" and explain the reasons for your response.

- Yes
 No
 Undecided

Please give reasons for your response:

*organs under wta deed.
But accept religious/cultural reasons for not donating*

4. Do you think an individual should be able to appoint a proxy to the make the final decision regarding transplantation on their behalf? Please indicate "yes/no/undecided" and explain the reasons for your response.

- Yes
 No
 Undecided

Please give reasons for your response:

5. My proposal is that only adults should be automatically opted-in to be a donor. Younger persons would have to register to be a donor, by themselves or with parental consent as they currently do. This approach is I believe the best way to safeguard children and young people. Do you agree? Please indicate "yes/no/undecided" and explain the reasons for your response.

- Yes
 No
 Undecided

Please give reasons for your response:

6. Do you agree the age limit for an adult should be set at 16 years old? Please indicate "yes/no/undecided" and explain the reasons for your response.

- Yes
- No
- Undecided

If you answered no, what would you consider a more appropriate age?

7. Do you agree the soft opt-out system should apply to people who have been resident in Scotland for a minimum period of 1 year prior to their death? Please indicate "yes/no/undecided" and explain the reasons for your response.

- Yes
- No
- Undecided

Please give reasons for your response:

8. If you answered no to the above how long, if any, should this period of residency last before they become subject to the soft opt-out system? Would this residency need to be for a continuous period?

9. Do you think 6 months is a long enough period to run a campaign prior to change over?

Yes

10. What is your assessment of the likely financial implications (if any) of the proposed Bill to you or your organisation? What (if any) other significant financial implications are likely to arise?

work for NHI is probably beneficial

11. Is the proposed Bill likely to have any substantial positive or negative implications for equality? If it is likely to have a substantial negative implication, how might this be minimised or avoided?

More people will get organ transplants.
Maybe the less educated will be disadvantaged in terms of decision making as they may have less access to info about it / awareness prior to making a decision.

12. Do you have any other comments on or suggestions relevant to the proposal?

Overall good idea
