PAGE 2: Proposed Organ and Tissue Donation (Scotland) Bill Consultation

Q1: The overarching purpose of my proposal is to move from the current opt-in system to a soft opt-out system of organ donation. Do you support this move? Please indicate "yes/no/undecided" and explain the reasons for your response.

Undecided

Q2: How essential is it to change the law (from an opt-in to a soft opt-out system) in order to achieve the intended benefits (increased transplant rates, reduced waiting lists)? Are there other (non-legislative) measures that could achieve similar outcomes without the need for legislation?

Respondent skipped this question

Q3: I believe the role of the family should be limited to being consulted on whether they are aware of any (unregistered) objection by the deceased rather than asking for their consent. Do you agree? Please indicate "yes/no/undecided" and explain the reasons for your response.

Yes,

Please give reasons for your response:
Some family members may feel so strong about the issue that they may over-ride the opinion of the potential donor.

Q4: Do you think an individual should be able to appoint a proxy to the make the final decision regarding transplantation on their behalf? Please indicate "yes/no/undecided" and explain the reasons for your response.

Yes,

Please give reasons for your response:
Yes - particularly if family members do not share the same views as the deceased. Someone may not have any immediate family who s/he has discussed this with preferring to let their wishes be known to a friend instead.

Q5: My proposal is that only adults should be automatically opted-in to be a donor. Younger persons would have to register to be a donor, by themselves or with parental consent as they currently do. This approach is I believe the best way to safeguard children and young people. Do you agree? Please indicate "yes/no/undecided" and explain the reasons for your response.

Yes

Q6: Do you agree the age limit for an adult should be set at 16 years old? Please indicate “yes/no/undecided” and explain the reasons for your response.

Yes,

If you answered no, what would you consider a more appropriate age?
Seems reasonable given that 16 is the gateway to greater responsibility generally.

Q7: Do you agree the soft opt-out system should apply to people who have been resident in Scotland for a minimum period of 1 year prior to their death? Please indicate “yes/no/undecided” and explain the reasons for your response.

Undecided,

Please give reasons for your response:
People may not be aware that this system is in place. It depends on the provision and effectiveness of public awareness information.

Q8: If you answered no to the above how long, if any, should this period of residency last before they become subject to the soft opt-out system? Would this residency need to be for a continuous period?

Residency should be for a continued period.

Q9: Do you think 6 months is a long enough period to run a campaign prior to change over?

No. Government and public bodies struggle to make information accessible to all anyway and I am not convinced this would be any better. A one-off campaign would not reach everyone, particularly immigrants who arrive in Scotland later or students who may start studies well after the campaign ends.

Q10: What is your assessment of the likely financial implications (if any) of the proposed Bill to you or your organisation? What (if any) other significant financial implications are likely to arise?

Respondent skipped this question

Q11: Is the proposed Bill likely to have any substantial positive or negative implications for equality? If it is likely to have a substantial negative implication, how might this be minimised or avoided?

It would be better to conduct a proper equality impact assessment for this proposal to tease out positive and negative effects.

Q12: Do you have any other comments on or suggestions relevant to the proposal?

Respondent skipped this question

PAGE 3: Contact Details

Q13: If you wish your response, or any part of it, to be treated as anonymous and/or confidential, please check the appropriate box. If not, then please go to question 14.
