PAGE 2: Proposed Organ and Tissue Donation (Scotland) Bill Consultation

Q1: The overarching purpose of my proposal is to move from the current opt-in system to a soft opt-out system of organ donation. Do you support this move? Please indicate "yes/no/undecided" and explain the reasons for your response.

Yes,

Please give your reasons for your response:
It makes sense and has safeguards

Q2: How essential is it to change the law (from an opt-in to a soft opt-out system) in order to achieve the intended benefits (increased transplant rates, reduced waiting lists)? Are there other (non-legislative) measures that could achieve similar outcomes without the need for legislation?

Very.
Not that I'm aware of

Q3: I believe the role of the family should be limited to being consulted on whether they are aware of any (unregistered) objection by the deceased rather than asking for their consent. Do you agree? Please indicate "yes/no/undecided" and explain the reasons for your response.

Yes,

Please give reasons for your response:
Bereavement is hard for everyone and this decision should not be asked at that time

Q4: Do you think an individual should be able to appoint a proxy to make the final decision regarding transplantation on their behalf? Please indicate "yes/no/undecided" and explain the reasons for your response.

Yes,

Please give reasons for your response:
With safeguards it would be workable.

Q5: My proposal is that only adults should be automatically opted-in to be a donor. Younger persons would have to register to be a donor, by themselves or with parental consent as they currently do. This approach is I believe the best way to safeguard children and young people. Do you agree? Please indicate "yes/no/undecided" and explain the reasons for your response.

Yes,

Please give reasons for your response:
Again it makes sense

Q6: Do you agree the age limit for an adult should be set at 16 years old? Please indicate "yes/no/undecided" and explain the reasons for your response.

If you answered no, what would you consider a more appropriate age?
As with marriage, taxes or voting it would acknowledge that 16 is the legal age recognised as being responsible.

Q7: Do you agree the soft opt-out system should apply to people who have been resident in Scotland for a minimum period of 1 year prior to their death? Please indicate "yes/no/undecided" and explain the reasons for your response.

Undecided,

Please give reasons for your response:
I'm not sure this works across society, foreign students studying here, for example

Q8: If you answered no to the above how long, if any, should this period of residency last before they become subject to the soft opt-out system? Would this residency need to be for a continuous period?

I think by 3 years, people should be considered to have settled with the exception of those here studying, those should have to opt in, or parental permission sought.

Q9: Do you think 6 months is a long enough period to run a campaign prior to change over?

No I think a year minimum

Q10: What is your assessment of the likely financial implications (if any) of the proposed Bill to you or your organisation? What (if any) other significant financial implications are likely to arise?

None, cost for more transplant's against meds to sustain life.

Q11: Is the proposed Bill likely to have any substantial positive or negative implications for equality? If it is likely to have a substantial negative implication, how might this be minimised or avoided?

neutral effect

Q12: Do you have any other comments on or suggestions relevant to the proposal?

Well done for bring a positive possible solution to this issue.

PAGE 3: Contact Details

Q13: If you wish your response, or any part of it, to be treated as anonymous or confidential, please check the appropriate box and state the reason for this. If not, then please go to question 14. If I accept the reasons, I will publish it as "anonymous response" or only publish the non-confidential parts of the response. If I do not accept the reasons, I will let you know and give you the option of withdrawing it or submitting it on the normal attributable basis.
