PAGE 2: Proposed Organ and Tissue Donation (Scotland) Bill Consultation

<p>Q1: The overarching purpose of my proposal is to move from the current opt-in system to a soft opt-out system of organ donation. Do you support this move? Please indicate "yes/no/undecided" and explain the reasons for your response.</p>	<p>Yes</p>
<p>Q2: How essential is it to change the law (from an opt-in to a soft opt-out system) in order to achieve the intended benefits (increased transplant rates, reduced waiting lists)? Are there other (non-legislative) measures that could achieve similar outcomes without the need for legislation?</p> <p>Essential. If we oppose something we can take the energy to opt out but this could save so many lives.</p>	
<p>Q3: I believe the role of the family should be limited to being consulted on whether they are aware of any (unregistered) objection by the deceased rather than asking for their consent. Do you agree? Please indicate "yes/no/undecided" and explain the reasons for your response.</p>	<p>Yes</p>
<p>Q4: Do you think an individual should be able to appoint a proxy to the make the final decision regarding transplantation on their behalf? Please indicate "yes/no/undecided" and explain the reasons for your response.</p>	<p>Yes</p>
<p>Q5: My proposal is that only adults should be automatically opted-in to be a donor. Younger persons would have to register to be a donor, by themselves or with parental consent as they currently do. This approach is I believe the best way to safeguard children and young people. Do you agree? Please indicate "yes/no/undecided" and explain the reasons for your response.</p>	<p>No,</p> <p>Please give reasons for your response: We should give children and young people education and an easy process to decide what they want to do, with the ability to opt in or opt out at different times in our lives.</p>
<p>Q6: Do you agree the age limit for an adult should be set at 16 years old? Please indicate "yes/no/undecided" and explain the reasons for your response.</p>	<p>No</p>

Q7: Do you agree the soft opt-out system should apply to people who have been resident in Scotland for a minimum period of 1 year prior to their death? Please indicate "yes/no/undecided" and explain the reasons for your response.

No,
Please give reasons for your response:
We are all human.

Q8: If you answered no to the above how long, if any, should this period of residency last before they become subject to the soft opt-out system? Would this residency need to be for a continuous period?

Respondent skipped this question

Q9: Do you think 6 months is a long enough period to run a campaign prior to change over?

I think you need to campaign for at least 2 years to get the initial message out.

Q10: What is your assessment of the likely financial implications (if any) of the proposed Bill to you or your organisation? What (if any) other significant financial implications are likely to arise?

n/a

Q11: Is the proposed Bill likely to have any substantial positive or negative implications for equality? If it is likely to have a substantial negative implication, how might this be minimised or avoided?

I think you need to ensure religious beliefs are considered but ensure that the service design/process is easy to undertake in order to opt in or out.

Q12: Do you have any other comments on or suggestions relevant to the proposal?

Respondent skipped this question
