### PAGE 2: Proposed Organ and Tissue Donation (Scotland) Bill Consultation

**Q1: The overarching purpose of my proposal is to move from the current opt-in system to a soft opt-out system of organ donation. Do you support this move? Please indicate "yes/no/undecided" and explain the reasons for your response.**

Yes

**Q2: How essential is it to change the law (from an opt-in to a soft opt-out system) in order to achieve the intended benefits (increased transplant rates, reduced waiting lists)? Are there other (non-legislative) measures that could achieve similar outcomes without the need for legislation?**

I feel that it will be easier for the subject of organ donation to be discussed with relatives of patients that are dying. If a patient really did not want to donate they would have to make the conscious effort to register it and then the family would not be approached at a delicate time.

**Q3: I believe the role of the family should be limited to being consulted on whether they are aware of any (unregistered) objection by the deceased rather than asking for their consent. Do you agree? Please indicate "yes/no/undecided" and explain the reasons for your response.**

Yes,

Please give reasons for your response:  
If a person has decided that they do not want to donate and have registered this then their wishes must be upheld

**Q4: Do you think an individual should be able to appoint a proxy to make the final decision regarding transplantation on their behalf? Please indicate "yes/no/undecided" and explain the reasons for your response.**

Yes,

Please give reasons for your response:  
if that is their wish

**Q5: My proposal is that only adults should be automatically opted-in to be a donor. Younger persons would have to register to be a donor, by themselves or with parental consent as they currently do. This approach is I believe the best way to safeguard children and young people. Do you agree? Please indicate "yes/no/undecided" and explain the reasons for your response.**

Yes

**Q6: Do you agree the age limit for an adult should be set at 16 years old? Please indicate "yes/no/undecided" and explain the reasons for your response.**

No,

If you answered no, what would you consider a more appropriate age?  
I think 18yrs, 16 they are still not that responsible

## Proposed Organ and Tissue Donation (Scotland) Bill

**Q7: Do you agree the soft opt-out system should apply to people who have been resident in Scotland for a minimum period of 1 year prior to their death? Please indicate "yes/no/undecided" and explain the reasons for your response.**

Yes

**Q8: If you answered no to the above how long, if any, should this period of residency last before they become subject to the soft opt-out system? Would this residency need to be for a continuous period?**

*Respondent skipped this question*

**Q9: Do you think 6 months is a long enough period to run a campaign prior to change over?**

yes

**Q10: What is your assessment of the likely financial implications (if any) of the proposed Bill to you or your organisation? What (if any) other significant financial implications are likely to arise?**

Hopefully there would be more transplants which means less patients on dialysis which is a massive expense to the NHS

**Q11: Is the proposed Bill likely to have any substantial positive or negative implications for equality? If it is likely to have a substantial negative implication, how might this be minimised or avoided?**

not sure

**Q12: Do you have any other comments on or suggestions relevant to the proposal?**

*Respondent skipped this question*

### PAGE 3: Contact Details

**Q13: If you wish your response, or any part of it, to be treated as anonymous or confidential, please check the appropriate box and state the reason for this. If not, then please go to question 14. If I accept the reasons, I will publish it as "anonymous response" or only publish the non-confidential parts of the response. If I do not accept the reasons, I will let you know and give you the option of withdrawing it or submitting it on the normal attributable basis.**

*Respondent skipped this question*

**Q14: Thank you for completing this survey. For the purposes of the consultation, it would be helpful if you could provide your contact details.**
